

# **CUSTOMER information**

## **Notes about Dispatch of waste samples**

In order to enable a quick assessment of waste samples, please send them, after consulting the sales representative and assigning a GSES internal sample number, to:

**GSES GmbH**  
Name of clerk  
GSES sample number  
Schachtstrasse 64  
**D-99706 Sondershausen.**

Please pay attention to the following points to ensure that your sample (s) are processed without delay:

- For an analysis we need a representative sample including a sampling protocol.
- The amount of sample depends on the type of recycling or disposal:
  - ♣ approx. 5 kg for backfill materials
  - ♣ approx. 2 kg for underground landfill materials
- Please only use tubes that are chemically resistant to the sample.
- The content must not leak.
- There must be no build-up on the outside of the sample vessel.
- Samples in food containers or garbage bags are destroyed immediately for reasons of occupational safety and therefore cannot be processed.
- Please label the sample clearly legible with the GSES sample number, your company and waste name (EWC).
- The packaging must be strong enough to withstand normal transportation conditions such as bumps.
- Please be sure to observe the relevant regulations when shipping dangerous goods.

If you have any questions, please do not hesitate to contact us on 03632 655-110.

Glückauf!
